Dear Mr. Bollinger,

I just found out you are an expert on First Amendment rights. I think you should know that I'm considering filing a federal lawsuit against the Attorney Grievance Committee of the First Judicial Department if they don't sanction Jane Booth for unethical behavior. I've attached the letter I just faxed to the Attorney Grievance Committee. You can put an end to this nonsense by inviting me to give a lecture/lesson on God's existence.

Very truly yours,
David Roemer
